Future Minds Lab Initiative

TERMS OF REFERENCE 81-18-25

Title: External Trainer – Vocational Training in Cloud Computing: AI-Driven Data Processing and Collaboration in AWS

Location: Bosnia and Herzegovina

Level of Effort: 5 training days, 5 days of mentoring (spanning across 6 month-period) and 2 preparation days

Reporting to: Project Manager, Future Minds Lab Initiative

Type of Contract: Short-term Individual Contract

1. Background

Bosnia and Herzegovina continues to face significant challenges in aligning its workforce with the rapidly growing demands of the digital economy. Studies by the OECD and UNICEF indicate that the country struggles with low levels of digital skills among youth, limited access to modern infrastructure, and a persistent gap between education outputs and labor market needs. This digital gap is particularly evident among youth aged 19-29, who often lack opportunities for structured, market-relevant training that leads directly to employment in high-demand digital sectors.

To address this gap, the Future Minds Lab Initiative – implemented by the University Sarajevo School of Science and Technology (SSST) under the SEDEP program and supported by GIZ – was launched with the aim of equipping young people (aged 19-29) with future-oriented digital, green, and entrepreneurial skills through a six-month vocational training program.

The program focuses on three high-demand specializations: Game Design, Cyber Security, and Cloud Computing. These fields have been identified as priority areas for Bosnia and Herzegovina's digital transition, offering strong prospects for youth employability both domestically and internationally.

This Call for Proposals relates to the Cloud Computing component of the training program, designed to provide participants with practical understanding and skills to build AI-driven applications for content processing and collaborative learning in the cloud. Through a combination of conceptual training and hands-on mentoring, the component prepares youth to design scalable solutions and apply cloud technologies in real-world contexts and to meet the growing demands of the digital economy.

2. Objective

To engage an external cloud computing trainer with expertise in cloud architectures and AI integration to deliver structured training and mentoring sessions. The training will equip participants with both

Co-funded by

Implemented by

theoretical knowledge and hands-on experience in designing and deploying collaborative, AI-enabled applications in the cloud, with an emphasis on scalability and real-world applicability.

3. Key responsibilities

- Develop a detailed training curriculum and materials (presentations, slides, exercises, assignments) covering: AI-driven data processing, text summarization, question generation, and collaborative application design in the cloud.
- Introduce participants to secure authentication, scalable storage solutions, and multi-user collaboration features, with attention to security and best practices in cloud environments.
- Deliver in-person training sessions.
- Facilitate mentoring to guide participants through the development of a practical cloud-based AI Study Assistant project.
- Adapt teaching to the varying skill levels of participants and provide mentoring and guidance during the training.
- Participate in progress monitoring meetings with the Project Team.
- Submit a final report (max. 3 pages) summarizing the curriculum, content delivered, participant progress, and recommendations.

4. Deliverables

- **Training Curriculum – Structured curriculum with defined learning outcomes /2 days of preparation/** (First payment: 20%)
- **Module Delivery – Facilitation of 5 training days and 5 days of mentoring, total 10 days/** (Second payment: 50%)
- **Final Report – Summary of training delivered and recommendations** (Third payment: 30%)

5. Timeline for delivery

Deliverable	Due Date
Preparation of Training Curriculum and materials	September 2025
Module Delivery	October 2025 - March 2026
Final Report Submission	March 31, 2026

6. Qualifications

- Minimum 3 years of professional experience in cloud computing and AWS solutions.
- Hands-on expertise with AWS Textract, Comprehend, Bedrock, AppSync, Cognito, S3, CloudFront.
- Proven experience in designing and deploying AI/ML-powered cloud applications.
- Ability to work with youth (aged 19-29) with mixed skill levels.

Co-funded by
the European Union

Implemented by

- Excellent communication and presentation skills.
- Fluency in the local language; working proficiency in English.

7. Application requirements

Applicants must submit:

- CV detailing relevant experience
- Short motivation letter
- Short outline of proposed training approach (one page) including methodology, structure, tools to be used and learning outcomes
- Financial offer (daily fee rate).

8. Selection criteria

Criterion	Weight
Professional experience in AWS Cloud and AI Integration	40%
Quality of proposed training approach	20%
Relevance to target group (youth, entry-level)	20%
Financial offer	20%

9. Language of the Assignment

Training will be conducted in the local language, while the final report must be submitted in English.

10. Submission Deadline

All interested candidates are to submit their bids with all supporting documents no later than September 8, 2025, 23:59. All bids are to be submitted electronically to the following email address: info@ssst.edu.ba, with the subject line: *81-18-25 FML External Trainer – Cloud Computing: AI-Driven Data Processing and Collaboration in AWS*. Any inquiries regarding the opportunity may be directed to the same address and subject line.

Inicijativa Future Minds Lab

PROJEKTNI ZADATAK 81-18-25

Naziv pozicije: Spoljni trener – stručno osposobljavanje iz Cloud Computinga: AI-podržana obrada podataka i kolaboracija u AWS okruženju

Lokacija: Bosna i Hercegovina

Angažman: 5 dana obuke, 5 dana mentorisanja (u periodu od 6 mjeseci) i 2 dana pripreme

Izvršavanje: Projektni menadžer, Inicijativa Future Minds Lab

Vrsta ugovora: Kratkoročni angažman pojedinačnog spoljnog trenera

1. Kontekst

Bosna i Hercegovina se i dalje suočava sa značajnim izazovima u usklađivanju radne snage sa ubrzanim zahtjevima digitalne ekonomije. Prema izvještajima OECD-a i UNICEF-a, mladi u zemlji imaju nizak nivo digitalnih vještina, ograničen pristup savremenoj infrastrukturi i jaz između obrazovnih programa i potreba tržišta rada. Ovaj digitalni jaz posebno je izražen kod mladih uzrasta 19-29 godina, koji često nemaju priliku za strukturirane, tržišno relevantne obuke koje direktno vode do zaposlenja u sektorima s visokom potražnjom.

Kako bi se odgovorilo na ovaj izazov, pokrenuta je Future Minds Lab inicijativa – koju implementira Univerzitet Sarajevo School of Science and Technology (SSST) u okviru SEDEP programa i uz podršku GIZ-a. Cilj inicijative je da mladima (19-29 godina) pruži digitalne, zelene i preduzetničke vještine usmjerene ka budućnosti, kroz šestomjesečni program stručnog osposobljavanja.

Program je fokusiran na tri oblasti sa visokom potražnjom: Game Design, Cyber Security i Cloud Computing. Ove oblasti su prepoznate kao prioritetne za digitalnu tranziciju Bosne i Hercegovine, sa snažnim potencijalom za zapošljavanje mladih na domaćem i na međunarodnom tržištu.

Ovaj javni poziv odnosi se na komponentu Cloud Computing unutar programa, koja ima za cilj da polaznicima omogući praktično znanje i vještine za izgradnju AI-podržanih aplikacija za obradu sadržaja i kolaborativno učenje u cloud okruženju. Kombinacijom teorijske nastave i mentorisanja, obuka će omogućiti polaznici da razvijaju skalabilna rješenja i primjenjuju cloud tehnologije u realnim okruženjima, u skladu sa rastućim potrebama digitalne ekonomije.

2. Cilj angažmana

Angažovati eksternog trenera iz oblasti cloud computinga, sa dokazanim iskustvom u cloud arhitekturama i integraciji AI tehnologija, koji će realizovati strukturisanu obuku i mentorisanje. Obuka treba da omogućiti polaznicima teorijsko razumijevanje i praktično iskustvo u dizajniranju i implementaciji kolaborativnih AI aplikacija u cloud okruženju, sa naglaskom na skalabilnost i primjenjivost u praksi.

3. Ključne odgovornosti

- Razviti detaljan kurikulum obuke i materijale (prezentacije, slideovi, vježbe, zadaci) pokrivajući: AI-podržanu obradu podataka, sažimanje teksta, generisanje pitanja i dizajn kolaborativnih aplikacija u cloudu.
- Upoznati polaznike sa principima sigurne autentifikacije, skalabilnim rješenjima za pohranu i funkcionalnosti za rad više korisnika, uz poseban akcenat na sigurnost i dobre prakse u cloud okruženju.
- Izvoditi obuku uživo.
- Mentorisati polaznike tokom izrade praktičnog projekta – AI Study Assistant u cloud okruženju.
- Prilagoditi način rada različitim nivoima znanja polaznika.
- Učestvovati u sastancima za praćenje napretka s projektnim timom.
- Dostaviti završni izvještaj (max 3 stranice) sa sažetkom sadržaja i kurikulumu, napretka polaznika i preporukama.

4. Rezultati angažmana (Deliverables)

- **Kurikulum obuke – strukturiran plan obuke sa definisanim ishodima učenja /2 dana pripreme/** (prva uplata – 20%)
- **Realizacija modula – 5 dana obuke i 5 dana mentorisanja /ukupno 10 dana/** (druga uplata – 50%)
- **Završni izvještaj – sažetak obuke i preporuke** (treća uplata – 30%)

5. Vremenski okvir isporuke

Rezultati angažmana	Rok za isporuku
Priprema kurikuluma i materijala	septembar 2025.
Realizacija obuke	oktobar 2025. – mart 2026.
Predaja završnog izvještaja	31. mart 2026.

6. Kvalifikacije

- Minimalno 3 godine profesionalnog iskustva u cloud computingu i AWS rješenjima.
- Dokazano iskustvo u dizajniranju i implementaciji AI/ML aplikacija u cloudu.
- Praktična ekspertiza u radu sa AWS servisima (Textract, Comprehend, Bedrock, AppSync, Cognito, S3, CloudFront).
- Sposobnost rada sa mladima (19-29) koji imaju različite nivoe znanja.
- Odlične komunikacijske i prezentacijske vještine.
- Tečno poznavanje lokalnog jezika; sposobnost korištenja engleskog jezika u profesionalnom kontekstu.

7. Potrebna dokumentacija za prijavu

- CV sa relevantnim iskustvom
- Kratko motivaciono pismo

Co-funded by
the European Union

Implemented by

- Kratki pregled predloženog pristupa obuci (jedna stranica) uključujući metodologiju, strukturu, alate koji će se koristiti i ishode učenja
- Finansijska ponuda (cijena po danu).

8. Kriteriji za odabir

Kriterij	Težina
Profesionalno iskustvo u AWS cloudu i AI integraciji	40%
Kvalitet predloženog pristupa obuci	20%
Relevantnost za ciljnu grupu (mladi, početnici)	20%
Finansijska ponuda	20%

9. Jezik angažmana

Obuka će se izvoditi na lokalnom jeziku, dok se završni izvještaj predaje na engleskom.

10. Rok za prijavu

Svi zainteresirani kandidati dužni su poslati svoje prijave sa pratećom dokumentacijom najkasnije do **8. septembra 2025. godine do 23:59 sati**. Prijave se dostavljaju isključivo elektronskim putem na slijedeću e-mail adresu: *info@ssst.edu.ba*, uz napomenu u predmetu e-maila: *81-18-25 FML External Trainer – Cloud Computing: AI-Driven Data Processing and Collaboration in AWS*. Pitanja i pojašnjenja u vezi sa pozivom mogu se poslati na istu adresu i uz isti predmet emaila.
